

# **Trustworthy AI for Business and Society**

**Business Analytics MSc Course**

**Tabea Röber  
Feb 7th 2024**

# Tutorials & Assignments

---

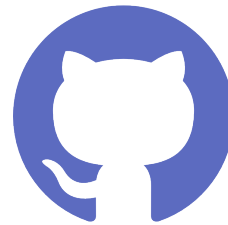

- Tutorials are on Wednesdays, 1pm-3pm
- Starting week 2, there will be weekly assignments

	When accessible?	Deadline handing in
Assignment 1	Feb 14th	Feb 21st, 10:00 am
Assignment 2	Feb 21st	Feb 28th, 10:00 am
Assignment 3	Feb 28th	March 6th, 10:00 am
Assignment 4	March 6th	March 13th, 10:00 am
Assignment 5	March 13th	March 20th, 10:00 am

- Hand in assignments via Canvas
- Material for tutorials will be published via Github

# We'll be using Github

---

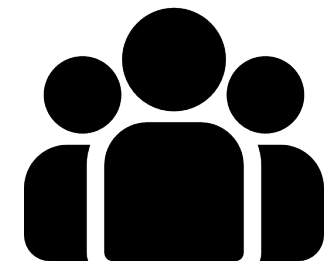

public repository

[https://github.com/tbearoeber/trustworthy\\_ai](https://github.com/tbearoeber/trustworthy_ai)

pushing (updated) tutorials,  
datasets, assignments, etc.

pulling material

FYI: It's probably best to **create a copy of the tutorial & assignment files in which you will be working (give it a new name)**. This way, in case I need to update material later on, there will be no clashes with changes made by you.

# Questions

- Individual questions: [t.e.rober@uva.nl](mailto:t.e.rober@uva.nl)
- Questions about material: Discussion board on Canvas
